VistaSlide™

Frameless Sliding System

The Hillaldam VistaSlide system is a multi-track sliding solution for your home or business.

These frameless glass panels slide horizontally along the smallest and sleekest track on the market which maximises your uninterrupted views.

The tracks can be embedded into the floor and are easily expandable by single track extensions for unlimited options and complete versatility. The adaptability of this system including the various floor trim options ensure perfect finishes every time. It is the only system of its kind to accommodate 12mm glass. European tested and certified, the VistaSlide is your perfect sliding solution.

Typical Views and Cross Sections

SUNKEN AND MOUNTED FLOOR TRIMS

The combined use of the two floor trims allows the system to adapt to different floor levels.

SPECIFICATIONS

- **Maximum Height**
 - = 8mm Glass - 2400mm
 - = 10mm Glass - 3000mm

BOTTOM TRACK WITH ONE EXTENSION

System Features and Advantages

PANORAMIC EFFECT

An almost invisible system when its closed as it is a glass surface without intermediate vertical profiles which allows you to enjoy a view without any obstacles.

UNLIMITED NUMBER OF TRACKS

Easily expandable by single track extensions from the basic three track design.

HIGH QUALITY ROLLERS

Double-wheel carriages fixed to every panel and capable of supporting up to 90kg.

17MM BOTTOM TRACK

The lowest track on the market.

ADAPTABILITY

The clearance inside the upper track allows the system to continue working even in the event of deflection or sag.

SUNKEN SYSTEM

The tracks can be embedded into the floor.

EUROPEAN QUALITY

The system is manufactured in Europe and has passed all the necessary testing and certifications.

OPENING CONFIGURATIONS

To either side or central openings, big variety of locking options available.

SPACE SAVING

VistaSlide enlarges the net usable area.

VARIOUS FLOOR TRIMS

For perfect finishes every time.
